2025 Honey show

Hello All,

Yes, it's that time again — our annual Honey Show is happening this Wednesday!

Hopefully your entries are all prepared. But if not, don't worry — there's still time to get involved.

Mike and Jenny are back for their second year of organising, and they're hoping to match (or even beat!) last year's event.

We'd love to see strong support from all members, so please consider entering your honey, wax creations, and cakes.

And don't forget — there are categories for bee-themed photography, bee forage flower arrangements, and even a special under-14s section for bee-inspired crafts or paintings.
